PETITIONING THE COURT

To incorporate the violation contained in this petition in future proceedings with the violation previously reported to the Court on 6/30/2023.

On April 29, 2021, supervised release conditions were reviewed and signed by Monty Charles Tewee, acknowledging an understanding of his conditions.

The probation officer believes that the offender has violated the following condition of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

2	<u>Special Condition #18:</u> You must not enter into or remain in any establishment where alcohol is the primary item of sale. You must abstain from alcohol and must submit to urinalysis and Breathalyzer testing as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from this substance.
---	---

Supporting Evidence: Mr. Tewee is considered to be in violation of his supervised release conditions by consuming alcohol on/or about July 10, 2023.

On July 10, 2023, Mr. Tewee completed a substance abuse evaluation at the Yakama Nation Tiinawit Program (Tiinawit), and submitted to urinalysis (UA) testing. The urine sample provided by Mr. Tewee was sent to Cordant Health Solutions (Cordant) laboratory for testing.

On July 26, 2023, this officer received results from Cordant via Tiinawit. The urine sample provided by Mr. Tewee was positive for Ethyl Glucuronide-ETG, which is consistent with drinking alcoholic beverages.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation contained in this petition in future proceedings with the violation previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.
